

Be sensitized to the wide array of different abilities of humans and create spaces for us all to come together and co-create

Support organizations led by people with disabilities in doing advocacy - Rebecca

Lobby

Include Disability in inclusive data SADD

make webinars inclusive and more initiative to help develop and shape good policy support

Disability inclusion approach must be robust with a evidence based data advocacy.

Follow up with previous partners & other heads of NGOs with disabilities. They have overcome obstacles. One has become a global leader.

Find a way to raise awareness of smaller organizations led by people with disabilities who work with people with disabilities and who address some of their challenges within their organizational restrictions. parameters.

include PwDs in DRR initiatives

update strategy paper to includ disability more clearly

Ensure inclusion in every community activity to build confidence and showcase their talents

SACDN, Nigeria will continue to support people with Disability.  
1. Provide access to enter buildings, classrooms, and give them leadership roles  
2. Advocate and sensitize community to include them in everything.  
3. Develop relevant curriculum for blind, deaf so that they can be educated and become productive.  
Thank you MCLD for given us opportunity
